Mr. William N. Morell, Jr.  
Director, Research and Reports  
Central Intelligence Agency  
Washington, D. C.

Dear Mr. Morell:

I wish to thank you for the information on shipping to Cambodia provided in your Intelligence Memorandum of October 1966.

EM 66-45  
T/IS

I have reviewed the document with considerable interest, in an effort to determine if support for the Viet Cong does in fact enter through the ports of Cambodia. My suspicions might possibly be confirmed if the 58,000 tons of "unidentified" cargo, noted in the document, could be traced to the ultimate consumer. In this regard, the document is useful, but the specific questions that still remain are: "What did the ships unload and where did the cargo go?"

Your continuing efforts to obtain data on specific commodity imports to Cambodia and their exact disposition would be appreciated. I hope you will continue to keep us fully informed on the status of your programs and any results therefrom.

Sincerely,

*Wallace M. Greene*
